

Rescue. Defend.
Shelter. Support.

Texas Alliance for Drug Endangered Children Regional Training Program

El Paso, Texas, March 6, 2008

This all-day training is presented to a multi-disciplinary audience in targeted cities throughout the state. It is designed to provide awareness and understanding of the issues Drug Endangered Children face and empower communities with steps to take in order to help these children. **LCDC, Social Work, TCLEOSE and LPC credits are provided for this free conference. CLE are pending.**

Individuals who could benefit from the regional training program include:

- Family Protective Services
- Law Enforcement
- Medical and Mental Health Professionals
- Child Advocates
- Substance Abuse Treatment Providers
- Educators
- Community leaders
- Concerned Citizens
- Judges
- Prosecutors
- Substance Abuse Prevention Providers

Topics will include:

- Safety & Awareness in Volatile Drug Environments
- Investigating Drug Endangered Child Cases
- The Role of Child Protective Services in DEC Cases
- Sustaining Local DEC Alliances
- Medical Issues for Drug Endangered Children
- Prosecuting Drug Endangered Child Cases
- Psychosocial Issues for Drug Endangered Children
- Data Collection

Funded by a generous grant from The Children's Justice Act.
